

IONIQ 5

Electric Global Modular Platform (E-GMP).

Hyundai IONIQ 5 is built on Hyundai's Electric Global Modular Platform (E-GMP). This dedicated battery electric vehicle platform enables faster charging, increased driving range, more interior space and better handling. The battery pack's position ensures ideal weight distribution and enables improved handling performance. Installing the battery under the floor also eliminates the centre tunnel, which results in a perfectly flat floor. This in turn increases leg room and enhances the feeling of openness and roominess throughout. The platform is based on 4 key pillars:

Modularity

Multiple segment vehicle development with various battery module compositions.

Performance

Compact all-in-one system (Motor-Inverter-EV transmission) for an improved driving experience.

Reliability

Battery & cabin protection with an integrated structure of battery pack & body.

Usability

Flat floor resulting in increased space by eliminating rear centre tunnel and allowing optimum seat utility.

Battery System

Rear Traction Motor

Bi-directional Charging Plug

ICCU
Integrated Charging Control Unit

Power your world.

Breathtakingly beautiful and amazingly advanced, Hyundai IONIQ 5 redefines the way people look at electric cars. Elegantly combining innovative concept car design with amazing performance, environment friendly materials and an astonishing array of smart technology - this all-electric SUV is a game changer. Utilising a 350 kW DC charger, its ultra fast charging capability takes it from 10% to 80% in just 18 min^{**}. IONIQ 5 has been created to take you further with faster charging and incredible design.

^{**}Charging time of battery depends on charger specification, ambient temperature, etc.

Power your world.

Going beyond limits.

Electric cars have rarely travelled this far before. Hyundai IONIQ 5 offers an incredible driving range and better handling. Enjoy the speed and convenience of faster charging time, as the Hyundai IONIQ 5 is equipped with a high speed charging system. Now if this is not iconic, what is?

Speed Go from 0 to 100 km/h in 7.6s [*]	Charging  10% to 80% in just 18 min ^{**}	Max power  160kW (217 ps)	Max torque  350Nm (35.7 kgm)

Smart regenerative braking

Home charging (11 kW AC wallbox charger)

^{**}Using 350 kW DC Charger. Charging time of battery depends on charger specification, ambient temperature, etc.
[^]Under testing conditions on a separate test drive/ racing track.

Unlimited possibilities with V2L (Vehicle-to-Load).

The Hyundai IONIQ 5 enables you to power your electric gadgets anywhere, anytime. The innovative V2L (Vehicle-to-Load): inside and outside lets you make the most of sustainable electric mobility. There's an on-board socket located at the backseat. And if you're out at the beach or exploring on your own, you can carry your entertainment devices and power them using a converter that plugs into the bidirectional exterior socket. The V2L socket provides up to 3.6kW power.

Maximum amount of power output
3.6kW

V2L: Inside

V2L: Outside

Crafted from nature.

Hyundai IONIQ 5 redefines what sustainable mobility looks and feels like. It's designed to be an example of how we can create a better future for the next generation. With eco-friendly materials and nature-inspired colors, IONIQ 5 sets itself as a green, clean mobility solution.

Eco-processed leather

Leather used in IONIQ 5's interior is dyed using flaxseed oil.

Plants turned to components for headlining and carpets

The headlining and carpet fabric includes bio components extracted from sugarcane and corn.

Flowers turned to paint

The IONIQ 5's crash pad and door trims are painted with bio paint that includes oil extracted from plants such as rape flowers and corn.

Paperette

Look closely at the detailing on the door and you'll find 100% recyclable paperette. Made from HDPE, it has the same lightness and texture of traditional paper.

Recycled bottles turned to fabric

For each Hyundai IONIQ 5, recycled bottles are shredded into plastic chips that are used for seatback and door armrests.

Premium front relaxation seats (Driver and passenger)

Exquisite opulence.

The Hyundai IONIQ 5's interior design creates a living space within the all-electric SUV, a place one would spend more time in apart from home and workspace. IONIQ 5's interiors are designed to make this time as luxurious as possible. Premium front relaxation seats, sliding centre console and more make the Hyundai IONIQ 5 your favourite relaxation spot.

Dark pebble gray interior color

Front seats ventilated and heated function (driver and passenger)

Sliding centre console

Walkthrough cabin

Other features : Eco-processed leather seat upholstery | Rear power sliding seats | LED ambient mood lighting

Living space.

Inspired by your living space, the interiors of the Hyundai IONIQ 5 open a new dimension of design, luxury and comfort.

Sliding centre console

An innovative movable centre console that can be moved back by up to 140mm, allowing passengers in the second row to access it easily.

Premium front relaxation seats

Both front seats are designed for unmatched comfort with leg rest that offer passengers a restful in-vehicle experience.

Memory seat configuration (all seats)

Adjust the front and rear seat memory function via the digital display screen, improving flexibility and providing extra space for convenience.

Smart cruise control with stop & go function (SCC w/ S&G)

Hyundai SmartSense~

Level 2 ADAS with 21 features.

Hyundai SmartSense technology offers an intuitive sense of safety that keeps the driver and passengers always protected. It enhances your driving experience into one that is convenient and stress-free. These safety features are designed to avoid crashes and collisions by offering technologies that alert the driver to problems, implementing safeguards and taking control of the vehicle, if necessary. It is also proven to reduce road fatalities by minimizing human errors.

Forward collision - avoidance assist - junction turning (FCA-JT)

Safe exit assist (SEA)

Surround view monitor (SVM)

Rear cross - traffic collision warning (RCCW)

Lane following assist (LFA)

Blind-spot collision warning (BCW)

Other features – Forward collision warning (FCW) | Forward collision-avoidance assist- car (FCA-Car) | Forward collision-avoidance assist- pedestrian (FCA-Ped) | Forward collision-avoidance assist-cycle (FCA-Cyl) | Blind-spot collision- avoidance assist (BCA) | Lane keeping assist (LKA) | Lane departure warning (LDW) | Driver attention warning (DAW) | Blind-spot view monitor (BVM) | Safe exit warning (SEW) | Smart cruise control with stop & go (SCC w/ S&G) | High beam assist (HBA) | Leading vehicle departure alert (LVDA) | Rear cross-traffic collision-avoidance assist (RCCA) | Rear occupant alert (ROA)

Intelligent technology.

Experience the sublime power of state-of-the-art mobility technology in the Hyundai IONIQ 5. Home-to-car with Alexa enables you to connect your all-electric SUV from the comfort of home. The 31.19 cm (12.3") touchscreen infotainment and 31.22 cm (12.3") digital cluster provides a digital cockpit type ambience in Hyundai IONIQ 5. The touch panel is easy to operate and the highly visible graphics enable a safe and easy ride.

Safety at its core.

The Hyundai IONIQ 5 is equipped with advanced technology to keep you safe on the road. This silent EV comes with a Virtual Engine Sound System so that pedestrians can be notified for the incoming vehicle from a distance. With 60+ safety features including 6 airbags, Surround view monitor and Level 2 Advanced Driver Assistance System, Hyundai IONIQ 5 ensures driving convenience and peace of mind for you and safety for others on the road.

6 Airbags (driver, passenger, side & curtain)

Virtual engine sound system (VESS)

Electric parking brake (EPB)

Other features : Electronic stability control (ESC) | Vehicle stability management (VSM) | Hill-start assist control (HAC) | Tyre pressure monitoring system (TPMS) [highline] | All 4 disc brakes

Designed to be iconic.

Definition of timeless.

Hyundai IONIQ 5 has a captivating design that stands apart. Smooth and seamless with a strong focus on minimalism, it flaunts an exquisite clamshell hood that spans the entire width of the car – minimising panel gaps for a clean, high-tech look. Precisely modelled surfaces and shapes give Hyundai IONIQ 5, an angular aerodynamic look. The side graphics are highlighted by auto flush door handles that vanish, further enhancing the clean look. Active air flaps, sharp lines and hidden charging port give the vehicle a sleek modern look. The crowning glory are the distinctive LED headlamps with their Parametric pixels – unique jewel-like design elements that are further enhanced by the aero-optimized wheels.

Humanity joins hands with technology to achieve Progress for Humanity.

Hyundai Motor India has installed an iconic “Namaste” installation near the IGI airport in New Delhi. This 30-feet tall installation makes for an inspiring spectacle. It underlines the fact that human values need to go hand in hand with technological advancements to make Progress for Humanity a reality. A universal greeting, Namaste symbolizes respect, humility, harmony, and accord. The robotic hand symbolizes futuristic innovations to enrich our consumers’ lives. The human hand in the wheel represents the integral role of humanity. The “Namaste” installation is a true testament of Hyundai’s commitment to India and its global vision “Progress for Humanity”.
